

Welcome Home!

Are you in your last trimester of pregnancy or do you have a baby that is less than 4 months old?

Do you want to improve your families' health?

Do you want to participate in a program that ensures your baby a healthy first year?

Neighborhood Family Practice invites you to participate in our Medical Home Program!

This program includes:

- Information on community resources that are available to you
- The chance to have all of your questions answered
- The opportunity to express your feelings about the care you receive at NFP
- Baby supplies at each visit, such as diapers, bottles, onesies, baby medical and bath kits, a diaper bag and more!
- Two \$25 gift certificates to Target for completing two surveys

You will be asked to:

- Meet with NFP's Patient Advocate after every well child visit for approximately one 1/2 hour through December, 2008
- Fill out a survey at the beginning and end of the program
- Talk about your concerns and questions with the Patient Advocate
- Discuss different goals you have in mind for your family, and the type of resources you need to reach them

Please contact Alison Tomazic, Patient Advocate, at 216-281-8945, ext.283 to learn more about this exciting program.
