Neighborhood Family Practice's annual Summer in the City event is a time to gather and connect with people whose hearts are aligned with our mission of ensuring that everyone gets equal access to the health care they need, when they need it, and delivered in a way that makes each patient feel like they are heard and respected.

New this year! We are excited to host Summer in the City at Windows on the River, located in the First Energy Powerhouse. The scenic views of the city skyline and historic buildings and bridges will set the stage for an evening of fun, fellowship and fundraising.

As an event sponsor, **your support bridges gaps** and connects thousands of patients to needed health care services. Your investment:

- Provides financial assistance. 64% of patients have annual incomes under 200% poverty level (under \$46,606 for a family of three).
- Provides interpretation for 27% of patients who are best served in a language other than English.
- Provides transportation for many who otherwise would not be able to get to appointments.

Our goal is to raise \$135,000- **we can get there with your partnership!** Sponsorship levels and details are included on the next page. Please contact Joyce Ng, Fund Development Manager at jng@nfpmedcenter.org or (216) 334-2833 for additional information.

Working together, we will close gaps and end health inequities. We hope that you will choose to be part of the solution. We look forward to spending time with you at this year's event.

Gratefully,
